PRACTICE SHIRT ORDER FORM

OUR PRACTICE SHIRTS

The first step to playing good is looking good. We have approached this season's practice shirts with this idea in mind; our kids have expressed that they have enjoyed the more athletic type of practice shirt, so we have embraced that, getting rid of the normal cotton shirt option, and going with both shirts as a Cotton/Poly Blend, that stretches as they move.

Our goals are to create a new culture in the program that both recognizes and celebrates our successful history, while making it clear that the future will be created by the young men in our program. We have made a conscious effort to lower your costs as parents in the program, and this will be reflected in our pricing, making no sacrifice to the quality that they are wearing.
